MOTORHOME TRAVELLERS CHECK LIST

- | | |
|---|--|
| <ul style="list-style-type: none">• Turn Off Gas Cylinder/s Outside.• Check external Lockers are shut and Locked.• Shut and Lock Roof-Lights. Including in the Shower room.• Check the Shower door is secured.• Stow away your Hook-up Cables.• Retract the Door Step/s.• Fasten all Windows securely.• Turn your Fridge to the Battery sign.• Check Fridge door is securely shut.• Check Internal Lockers are secured.• Turn Off Internal Water Heating.• Turn Off Internal Heating.• All passengers must travel with seat belts.• All children must travel with booster seats or child seats as appropriate.• Check that nothing can 'fly off' a high bed or shelf that could hurt a passenger in the event of an accident. | <ul style="list-style-type: none">• Avoid low bridges. Check that the route does not involve low bridges.• Avoid grass verges. A heavy vehicle may not be able to get off a soft grass verge.• Avoid overhanging trees, hedges and bushes. These can puncture and scratch the vehicle.• Avoid overhanging and low street lighting or house roves/eaves.• Note that other vehicles may not be able to judge the size of your vehicle, so drive carefully and park wisely.• Reversing can be easier with the help of a passenger to help guide you back. The passenger should take care while helping. Also remember it is still the drivers responsibility if the vehicle hits and damages someone or something.• It is a good idea to be a member of an automobile association with relay cover in the event of a breakdown.• Remember your Warranty Booklet. This will help you in the case of a mechanical breakdown. There is a process that must be adhered to. |
|---|--|

If you insure through Safeguard, AA cover is included.
You need to check that the cover includes 'relay'
