Motorhome Collection 2006

## Eddis 2006 Motorhome Collection

The 2006 range of Eddis motorhomes represents a superb marriage of transport with the finest touring accommodation across 12 practical and stylish vehicles.

Hand built in the UK with an outstanding specification, they not only look good, but they are real performers. Every vehicle in the range is full of famous name appliances - the ultimate in value for money.

The 2006 range of Eddis motorhomes is our best yet and contains many new features.

The entry level Autoquest, the mid range Autocirrus and the luxurious Autostratus are built on the very popular Peugeot Boxer chassis. With striking exterior graphic designs and vehicle liveries, they not only look good, but they are real performers.

Within the range of Eddis motorhomes you will find something for everyone from 2 to 6 berth, short to long wheel base, and entry level to affordable luxury specification and styling.

**Eddis**

## Elddis - What's New for 2006

### New Models & Layouts

As well as having an improved specification in 2006 the Autoquest ranges has two new models. The first addition is the 170. The first fixed bed motorhome in the Autoquest range.

The second addition to the range is the 180. Manufactured on a long wheel based Peugeot Boxer chassis, this is a 6-berth motorhome with six seat belts, a side dinette and a spacious rear lounge area.

The 4-berth Autocirrus 200 hi-line now has a low profile sister, the 210. Also with a rear washroom, this is a spacious 2-berth with a relaxing and comfortable L-shaped lounge area.

### 'So Comfortable Mattress'

Now supplied as standard on all fixed beds in the Autostratus range, the Exclusive 'So Comfortable' pocket sprung mattress is a traditional top quality deep sprung system with hundreds of springs encapsulated in individual pockets unsurpassed in the ability to supply all over comfort and support with no roll together.

As it's name suggests, we believe this is the best motorhome mattress in the UK.

### Privacy Windows

The new Seitz side and rear privacy windows (excludes washrooms) are exclusive to The Explorer Group in the UK and bring a new level of style to our motorhomes.

Supplied as standard on the Autostratus and Autocirrus ranges, they allow you to see out, but prevent your neighbours from seeing in.

The new windows help to reflect light that damages upholstery and can assist in keeping the interior cooler on the brightest of sunny days. Tests have shown a temperature difference of up to 3°C cooler on the inside of the vehicle than standard windows.

They also provide an added element of security by reducing the ability of would-be thieves from seeing your motorhome contents.

Elddis

## Elddis Autoquest 2006

This very popular UK built motorhome range has been extended to 8 models for 2006 with the addition of the fixed bed 170 and rear lounge 180.

Autoquest continues to be one of the best-equipped entry-level coach-built motorhomes on the market today with a huge range of optional extras available to suit every need.

Inside the living quarters you'll find an impressive list of features to increase user comfort and enhance your touring enjoyment.

The new 170 fixed double bed model has a one-piece mattress to ensure maximum comfort and a one-piece metal bed frame with easy lift gas struts. This four-berth motorhome has ample storage space under the bed. It also comes with 2 swivel cab seats at no extra cost.

The second addition to the range is the 180 model. The 180 is manufactured on a long wheel base 2.2ltr Peugeot Boxer chassis and is a six berth motorhome with six seat belts, so all passengers can travel in safety and comfort. With a side dinette and a rear lounge area the whole family will be able to enjoy this new layout.

### Autoquest - Exterior Styling

Built on the Peugeot Boxer HDi Turbo Diesel chassis, the 2006 Autoquest features burgundy and silver exterior graphics by CGI. Excellent all round visibility and the responsiveness of the smooth 5-speed gearbox makes the Autoquest a pleasure to drive.

Elddis

Autoquest 100

Autoquest 170

## Autoquest - Interior Living Space

The spacious interior of all 2006 Autoquests features new sprung upholstery in warm fun loving Capiro Corfu red and gold, beautifully complemented by Capiro gold lined curtains with matching tie backs, and coordinating saffron coloured carpets (loose lay available as an optional extra).

Montreal Maple furnishings, featuring framed Ash furniture doors with chrome handles, bring out the true warmth and richness of the beautiful interior design. Whilst large windows, thoughtful layouts and a range of lighting give this ever popular range a unique and spacious appeal.

The cab is packed with features such as fully upholstered cab seats and plenty of handy storage for maps, tour guides and refreshments.

## Elddis Autocirrus 2006

The Autocirrus is the next step up from the Autoquest range with more refinement and equipment as standard and is coach built on the Peugeot Boxer 2.2ltr HDi turbo diesel medium wheel base chassis.

2006 sees the addition of a new low profile 2-berth motorhome to the Autocirrus range. The new Autocirrus 210 has a low profile body and a relaxing L shaped lounge perfect for 2 people.

In addition we have the 200 hi-line. With two double beds and 2 rear passenger seatbelts, the 200 accommodates 4 people easily and safely in this impressive and spacious motorhome.

### Autocirrus – Exterior Styling

Red and silver graphics designed by CGI give the Autocirrus a fresh, modern look.

The overall look of the Autocirrus combines the size and practicality of the budget Autoquest with the body styling and form of the premium Autostratus.

**Elddis**

### Autocirrus - Interior Living Space

Colorado terracotta and leaf green interior colour with terracotta loose lay removable carpets complement the coordinating furniture in Montreal Maple accentuated by anthracite handles. Matching terracotta window and cab curtains with upholstered tiebacks finish the look.

A TV station, neatly positioned beneath the shapely cocktail cabinet wall unit provides the perfect viewing position opposite the main seating and dining area.

Seitz mini Heki skylights are fitted in the washroom (and overcab sleeping area in the 200).

The large rear washroom in both the 200 and 210 comes with a separate round shower cubicle, washbasin and Thetford rotatable toilet. Storage is in the form of an impressive deep wardrobe with drawers beneath.

**Elddis**

## The Kitchen

The brushed stainless steel effect to kitchen walls complements the Argent stainless steel linen effect, scratch resistant sink, hob and drainer that come complete with a bespoke, matching silver washing up bowl and Chinchilla glass hob and sink covers that double as chopping boards.

The anthracite handles on the fern green and silver sand coloured glass oven and grill fronts and the Verdigris laminated hardwearing worktops add to the elegance of the overall décor.

Below the raised and easy access Dometic RM7271 refrigerator, is a convenient and practical bottle store, ideal for items too big for the cocktail cabinet.

## Autocirrus - Improvements for 2006

- New 210 low profile model
- NEW Seitz S6.4 privacy windows
- New 'Verdigirs' furniture worktops to match the kitchen work surfaces
- New cab curtains for night-time privacy

## Accessories Supplied with the Autocirrus Range

- Owners Information Pack (Contains Owners Handbook, Peugeot Handbook, component manufacturers user manuals, regulatory certificates and forms)
- Shower mat
- Grill pan
- 25m 230v hook up lead

## Elddis Autostratus 2006

The luxury Elddis Autostratus is one of the most stylish, well-equipped and affordable motorhomes in its class.

Built on the 2.8-litre HDi Turbo Diesel Boxer chassis from Peugeot for sheer driving pleasure and performance, the sleek lines of the Autostratus are accentuated by the streamlined low profile shape.

Two different layouts are available the 500 (rear storage) and 510 (fixed bed). Both offer an uncompromising motorhome experience.

The washroom areas are compact yet practical and come equipped with a shower, Thetford rotatable toilet system and washbasin. The 510 features a separate washbasin with vanity mirror.

An attractive 'hi-line', optional over cab double bed to the standard layouts transforms the look of this elegant motorhome turning it into a spacious 6 berth.

If touring to you means luxurious lounging and relaxation then the Autostratus is for you.

### Autostratus – Exterior Styling

For 2006 we have introduced modernized black and chrome aero style graphics and ultra-cool Seitz privacy windows, which give the Autostratus a stunning new look.

Alloy wheels define the smart appearance, whilst an extending electric powered step, rear reversing aids and side docking lights are just a few of the many practical features.

An array of external lockers and roof bars with a lightweight rear ladder provide plenty of storage options for all of your equipment.

The 500 model has a large storage space for bicycles, outdoor furniture, awnings and equipment, and is situated under the rear double bed.

The remote controlled electric rise and fall of the rear bed allows you to have variable heights for storage space on the move or maximum sleeping space on site.

The 510 has a large exterior locker door which opens to the substantial storage space underneath the fixed bed which is in itself easily lifted on the one piece metal bed frame's gas struts for complete access.

**Elddis**

Autostratus 500

Autostratus 500

## Autostratus - Interior Living Space

All layouts provide generous seating and dining areas especially when the front cab seats are turned to face the lounge area.

The stunning 'M' check sprung upholstery along with the coordinating scatter cushions, Capiro curtains and pelmets all combine to give the Autostratus a truly up market feel. Stylish chrome positive push furniture catches on Montreal Maple finished cabinets complete the beautiful interior look.

New for 2006 is the exclusive 'So Comfortable' pocket sprung mattress to the fixed bed in both the 500 and 510. As it's name suggests you are in for an exceptionally good night's sleep.

You'll also find easy to use control panels, and stunning chrome directional spotlights to provide you with soft ambient lighting.

## The Kitchen

The convenient central kitchen comes fully equipped with a linen effect stainless steel 4 burner hob, sink and drainer. Practical and stylish, both have Chinchilla glass work top lids that act as chopping boards.

An illuminated double shelf combination gas oven and grill from Spinflo and a 550w electric microwave provide all the cooking appliances you could ever need.

Practicality also comes in the form of a multi-position table, ideal for evening drinks, games or for occasional use. It can be conveniently stowed away in the wardrobe when not in use.

A large dining table is also provided for meal times. This too stores neatly away in a bespoke cupboard under the kitchen worktop.

Air conditioning is available on all models as an optional extra in lieu of the Omnivent.

## Theft Deterrent, Prevention and Security of Your Motorhome

This is taken very seriously with Elddis. That is why we have provided a combination of standard features and optional extras designed to deter and prevent thieves from stealing your property. And in the unlikely event that they should succeed, aid the identification and speedy recovery of your investment and assist in the prosecution of the thief.

## Microtag©

Supplied as standard with every Elddis 2006 season motorhome, MicroTag© is an innovative and technologically advanced property tracing system that can be easily applied to all your valuables. Marking your property with Microdots not only deters theft, but will also help lead to the successful prosecution of the thief and the recovery of your stolen valuables.

In the event of theft or loss the police can locate the MicroDot by using an ultra violet light. The MicroDots are then read using a MicroDot reader, or a conventional microscope.

Each MicroDot is laser etched with a freephone helpline and your own unique number which is registered on the International Security Register which is manned 24 hours a day, 365 days a year.

## Minder

Theft of motorhomes is a growing problem. The UK Motorhome Industry and HPI have joined together to create MINDER, a vehicle security system to protect your investment.

All new Elddis Motorhomes will carry new identification numbers giving a greater level of security to owners and enabling future buyers to confidently identify the vehicle and check its history. The system is based on HPI's database holding details of over 60 million vehicles registered in the UK.

Each MINDER registered motorhome will carry a unique Motorhome Identification Number (MIN) Vehicle Identification Number (VIN) and registration mark. To ensure accurate identification each motorhome will carry a 'hidden electronic tag and visible etching to identify the vehicle by its MIN number, It will also carry a highly visible sticker to warn off potential thieves.

Autostratus 500

## Peugeot Driving Pleasure

Having gone to great lengths to provide 3 stunning motorhome ranges for maximum touring enjoyment, it was very important to match the styling with superb on the road performance.

The Peugeot HDi engines are a unique combination of power, drivability and economy, which increase efficiency, reduce fuel consumption and cut down pollution. Peugeot have made sure that every element from the dynamic engine and independent front suspension to the ventilated disc brakes, improves road holding. All of which is testament to why Peugeot has a substantial number of motorhome customers.

In addition to an ergonomic dashboard elegantly finished with walnut effect trim (optional on certain models), the gear change is dashboard mounted so nothing obstructs moving from the cab to the living space. And to make things kinder on the driver, Peugeot has provided extra soundproofing and power assisted steering.

There is even a clever dashboard-mounted collapsible clipboard designed to hold a map or written directions to a destination.

Electric windows and central locking come as standard and there is even an in-cab power point. Split-optic electrically heated and powered exterior mirrors provide good vision rearwards too in all weather conditions.

Other benefits include adjustable lumbar support, rake and reach, a seat mounted armrest (that can be height adjusted and folded back) and front door armrests. Driving positions don't come much better than this and you'll appreciate the unobscured vision ahead and to either side.

## Peugeot Security

Security on the Peugeot comes in the form of a rolling transponder immobilizer, lockable fuel filler cap to the 80-litre fuel tank and a lockable glove box.

## Peugeot 3 Years of Warranty

All Elddis motorhomes first registered in the UK, benefit from a Peugeot 2-year unlimited mileage manufacturers warranty and a free optional additional 1-year of warranty provided by the Peugeot Dealer Network in the UK. This additional warranty carries a limit of 60,000 miles from first registration and is dependent upon the recommended servicing being carried out at the specified intervals\*.

## Peugeot Assistance

For the first year of ownership you will automatically receive Peugeot Assistance cover for complete peace of mind. Operated by the RAC, it includes European cover, roadside assistance, vehicle recovery, free replacement car or hotel accommodation and chauffeur provision in case of certain medical disabilities\*.

\*For full terms and conditions consult your Peugeot Dealer in the UK.
